## Homework Policy

All homework is due at the START of class on the due date posted on the website.

Absent: You are responsible to find out what assignments you missed while absent. Generally 1 day will be given for each day missed to make up assignments. Write ABSENT next to your name on the back of the assignment. LATE homework is homework that is turned in at the end of the class that it is due or the next art class = 1 grade lower

Homework turned in later than the following art class = ZERO

Homework is explained in class and Internet connectivity is not an excuse for not completing homework. The website is to aid you in your homework.

If you put in effort into a homework but it did not come out as you expected or you misunderstood the assignment: You may redo it for a better grade within one week.

## Grade 7 Course Description

You will learn the basic building blocks of art, the principles and elements of design and how to apply them through a variety of media. This class introduces students to various aspects of art through hands-on projects, art exploration, and problem solving. You will learn how to analyze your artwork and the artwork of your peers. You will also learn about a wide array of artists and art historical movements, be able to critique, and discuss the works.
